

Eastern Lancaster County School District
Health Services

Grade: _____

Dear Parent or Guardian of: _____

Homeroom: _____

The School Health Law requires dental examinations for children upon initial entry **(K or 1) and in grades 3 and 7, or if there is none in the school health record.** These grades were selected because they represent critical periods of growth and development in a child's life.

We are recommending that these examinations be done by your family dentist, since he/she can best evaluate your child's dental health and assist you in obtaining necessary treatment and corrections.

It is important that the school have a record of a child's health status. This knowledge enables the school staff to help children achieve maximum benefits of their educational opportunities.

Any exam dated one year prior to the first day of the required year will satisfy this requirement.
